<p>Breakfast on Your Own</p>	<div style="display: flex; align-items: center;">  <div style="margin-left: 20px;"> <p>Juneteenth marks our country’s second Independence Day. Even though the Emancipation Proclamation was made effective in 1863, it could not be implemented in places still under Confederate control. As a result, in the westernmost Confederate state of Texas, enslaved people would not be free until much later. Freedom finally came on June 19, 1865, when some 2,000 Union troops arrived in Galveston Bay, Texas. The army announced that the more than 250,000 enslaved black people in the state, were free by executive decree. This day came to be known as "<u>Juneteenth</u>," by the newly freed people in Texas. The historical legacy of Juneteenth shows the value of never giving up hope in uncertain times.</p> </div> </div>
